Managers-

Below are a few things on topic around the office this week.

- **Game Reports:** Please remember to complete a Game Report from the CIYSL Website following each game. Continue to send those into the office to Craig or Joe.
- **Tournament Substitutions:** We should be close to finding each team a make-up tournament for the cancelled Rockford tournament. If we haven't done so, we will try to get you one by the end of the day today. Again, we are open to discussion with this tournament selection. Thank you for all the help in this process.
- **Make-Up League Games:** Please make sure you are doing everything possible in order to make up any league game that may have been cancelled this season. We place a large importance on these games and want to make sure the games are made up. Please coordinate with your coach and contact Joe prior to finalizing so he can make arrangements with fields and referees.
- **Make-Up Practice Policy:** With the *GREAT* weather we've had this season so far, we have had to cancel far to many practices. Please take a look at the attached Make-Up Practice Policy. If you have questions regarding the document, please contact us.
- **Guest Player Policy:** We are also developing a Guest Player policy. One of the major benefits of playing in a club our size, is we are able to use guest players from within the club. However, we want to make sure players are not over doing it. Look for this in the near future.
- **Coaches Manual:** The Coaches Manual is now posted on the Coaches Corner page of the website. Please direct parents to this page. The document itself is one of the more comprehensive manuals in the state. Please make sure the parents are aware of it.

Thank you for all of your help. As always, please contact us with any questions.
